EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 13-20 have been cancelled as being directed to a non-elected invention., the election having been made without traverse.

2. The following is an examiner's statement of reasons for allowance: The reference to Nakakado et al have been overcome with the translation of the foreign priority document as well as applicant's statements that the reference was commonly owned at the time the invention was made. Additionally, while it was known per se to guide the elastic into a nip arrangement as claimed, Nomura, Blenke et al or Merkatoris, none of the prior art associated an indicating section for indicating a position wherein when the guide section comes close to the position the transfer section stops the transfer of the guide section in response to a signal from the indicating section. While the reference to Ruehl suggested that it was known per se to employ a cam or a sensing means as a mechanism to control an operation in diaper manufacture, the reference relates to the stacking of a diaper rather than the control of the placement of an elastic therein. None of the prior art of record suggested that one skilled in the art would have associated the specified indicating section in the placement device for placement of an elastic member

in the manufacture of a disposable diaper. One skilled in the art would not have associated the sensing means of Ruehl with the guide of the elastic in any one of Nomura, Blenke et al or Merkatoris.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
